**Subject:** RE: Post-Inspection call for OOOOa north slope inspections

Hi John,

For the FCE that is due for Milne Point in September, Moses thought it may be a good idea to include the findings from your inspection report to be complete in our findings. The current TVP does not include any provisions for OOOOa, however they are required by condition 97.1 to submit all NSPS/NESHAP reports that go to the EPA to the Department. They have been complying with that, however I'm not sure if you found any non-compliance while reviewing the NSPS OOOOa reports. Would that be okay with EPA, and if so, would you like me to paraphrase the findings?

Regards,

Breanna Howard, Environmental Program Specialist  
Department of Environmental Conservation  
610 University Ave, Fairbanks AK 99709  
(907)451-3189

**Subject:** Post-Inspection call for OOOOa north slope inspections

**When:** Thursday, August 22, 2019 12:00 PM-1:00 PM (UTC-08:00) Pacific Time (US & Canada).

**Where:** 202-991-0477, code: 234125

This is our traditional post-inspection call where we will walk through the issues identified during the inspection, discuss next steps, and determine roles for the agencies in those next steps.
